Dear Professor Lederberg:

I have just received a communication from the Embassy of Israel in Washington stating that, according to their information, you have evinced an interest in visiting the Weizmann Institute of Science.

As you know, you have a standing invitation from us to come to the Institute at any time it is convenient to you. If this is now a definite possibility, we shall be only too happy to welcome you and your family.

I shall be in New York from May 18 until June 11, and I would very much appreciate your replying to this letter to me, in c/o American Committee for the Weizmann Institute of Science, 515 Park Avenue, New York 22, New York. We can then make whatever final arrangements are necessary.

Looking forward to hearing from you, and with kindest personal regards,

Yours very sincerely,

Meyer W. Weisgal
